CASE STUDY

> **CurrentWare saved us a lot of time and money.** If we didn't have them we would have never known what was going on. I cannot thank them enough for this software; being able to audit removable drives is invaluable.

Read Their Story

See What Our Customers Have to Say

> This software helps us to **achieve compliance with industry and government requirements** with respect to controlling the use of removable storage media. It fits the bill perfectly.

Matthew W, Project Manager
Aviation & Aerospace Industry, 11-50 employees

> In my nearly 40 years in the IT business I've worked with a lot of support teams. I really appreciate CurrentWare going the extra mile to help me get the most out of the product. **They've definitely outweighed any of the other competitors that I've looked at.**
